

April 13, 1983

LB 628, 234, 269A, 410,
476A, 539A, 629

CLERK: Mr. President, (Record vote read. See pages 1497 and 1498, Legislative Journal.) 5 ayes, 25 nays, Mr. President, on adoption of Senator Vickers amendment.

SPEAKER NICHOL: The Vickers motion fails. Mr. Clerk.

CLERK: Mr. President, if I may, a couple of items to read in, I have an Ag report regarding the confirmation hearing.

Senator Wiitala would like to print amendments to LB 234 in the Journal.

Mr. President, your committee on Enrollment and Review respectfully reports they have carefully examined and reviewed LB 410 and recommend that same be placed on Select File; 629, 269A, 476A, and 539A, all signed by Senator Rod Johnson.

Mr. President, the next motion I have to LB 628 is a motion to indefinitely postpone offered by Senator Landis. Pursuant to our rules, Mr. President, that will lay the bill over unless the introducer agrees to take it up at this time.

SPEAKER NICHOL: Senator Wagner, Senator Warner, I mean.

SENATOR WARNER: Mr. President, I would decline to take it up. However, I am only one of nine members of the Appropriations Committee that has signed, and if there are five who wish to take it up and would indicate that, why, of course, that would prevail. I try to support the majority decisions of the committee. That is a one liner.

SPEAKER NICHOL: That would be Senator Peterson, Senator Howard Peterson, Senator Lowell Johnson, Senator Warner, Senator Marsh. Okay, members of the Appropriations Committee, if I can have your attention a minute, I will call your names one at a time. You can indicate your preference. Mr. Clerk, would you call them one at a time or give them to me. Senator Lowell Johnson votes yes. Senator Goodrich.

SENATOR GOODRICH: Lay it over.

SPEAKER NICHOL: Senator Kahle is excused. Senator Kilgarin.

SENATOR KILGARIN: (Mike not on.) Lay it over.

SPEAKER NICHOL: Senator Marsh. Senator Morehead, lay it over. Senator Howard Peterson, take it up. Senator Wagner, lay it over. Senator Warner, how did you vote on that?
